**Question:** If God is good, why is there evil in the world?

**Answer:** The problem of evil is perplexing. If God is all-powerful and all-good, why doesn't He stop bad things from happening? He must either not be all-powerful, or perhaps He's not very good after all. Human beings have faced the possibility of evil since the very beginning of our existence. In granting us free will, God gives us the ability to make free choices. God does not force us into moral perfection. We are not forced to love Him or to love our neighbor. We must make the decision ourselves. This means, of course, that we have the ability to choose against love.

One small decision of selfishness, jealousy, or pride may not seem so bad. But every decision — good or bad — is like a stone dropped into a still pond. The ripples extend much farther than the original stone. When decisions against love begin to compound, they affect families, neighborhoods, and nations. This is all the more reason for Christians to be faithful to our baptismal call to love one another as Christ has loved us!

## Prayer for Independence Day

God, source of all freedom,  
this day is bright with the memory  
of those who declared that life and liberty  
are your gift to every human being.  
Help us to continue a good work begun long ago.  
Make our vision clear and our will strong:  
that only in human solidarity will we find liberty,  
and justice only in the honor that belongs  
to every life on earth.  
Turn our hearts toward the family of nations:  
to understand the ways of others,  
to offer friendship,  
and to find safety only in the common good of all.  
We ask this through Christ our Lord.

Amen.
